EXTRAORDINARY DEDICATION AND EXPERTISE GUIDANCE IN THE HEALTHY DEVELOPMENT

of

KIDS

A

Our Programs

The T/Th program is adapted for younger preschool children. In this class they are encouraged to develop social awareness, share outside experiences, and enjoy the thoughts and ideas of others. Children experience the warmth and genuine concern of the staff.

B

The M/W/F program adapts well to the pre-kindergarten child. More challenging activities and learning centers are provided. Perceptual motor activities are used to aid kindergarten readiness. Songs, poems, and rhythm activities are all part of your child's school experience.

C

Our Philosophy

The needs and interests of the children are the basis of the curriculum. Our programs are designed to allow children to develop and unfold as the unique persons they are. The environment is carefully prepared to foster curiosity, independence, and self-esteem. Our Christian program recognizes that early childhood is the time of greatest physical, emotional, intellectual, and spiritual growth. Each child is valued for him/herself. Learning to say "thank you" in prayer is part of every school day.

A play-based approach to social and emotional development is used with a strong emphasis on Kindergarten readiness.
